 My Collections

 Settings

## 2. Choose a **crypto wallet** which you want to **connect**

### **Connect your wallet.**

Connect with one of our available [wallet](#) providers or create a new one.

**MetaMask**

Popular

**Coinbase Wallet**

**WalletConnect**

# 3. Confirm the connection in the pop-up window

## [Next > Connect > Sign]

\*If the pop-up window doesn't open, click on the wallet's icon in the upper right corner of the browser

The image displays three sequential browser pop-up windows from a wallet interface:

- Window 1 (Left):** Titled "New Account", it shows a checked checkbox, a wallet icon, and a balance of "0 ETH". Below the window is a link "Only connect with sites you trust. [Learn more](#)". At the bottom are "Cancel" and "Next" buttons.
- Window 2 (Middle):** Titled "Allow this site to:", it lists permissions: "See address, account balance, activity and initiate transactions". Below the window is a link "Only connect with sites you trust. [Learn more](#)". At the bottom are "Cancel" and "Connect" buttons.
- Window 3 (Right):** Titled "Origin:", it shows the URL "https://opensea.io". Below it, it says "You are signing:" and displays a message: "Welcome to OpenSea! Click to sign in and accept the OpenSea Terms of Service: https://opensea.io/tos. This request will not trigger a blockchain transaction or cost any gas fees. Your authentication status will reset after 24". At the bottom are "Cancel" and "Sign" buttons.

# That's it!

Now you can  
**collect, make,**  
**buy** and **sell**  
NFTs.

If you're busy now -  
save this post for  
later and enjoy the  
metaverse!
